

# Security Update by June 1st

It's time to check your operating systems, browsers, and software products and make sure they are up-to-date. If you have outdated systems, they may not work with the latest advancements *and* your organization may become susceptible to online security vulnerabilities.

## To keep connected

- If you have Windows 7 or higher, you'll need to run all available updates.
- Make sure you're using the [latest versions of Internet browsers](#) online.
- Upgrade to the latest desktop versions of our software, or contact your ministry consultant at 1-800-736-7425 and ask about our OnDemand hosted solution:

[ACS](#)  
[PDS](#)  
[HeadMaster](#)

## Your security is our highest priority

ACS Technologies follows industry best practices that are in place for your security. If you try to use the following services after June 1st, you won't be able to access them if your systems have not been updated:

### ACS

- Payroll ESS
- Nelco
- Vanco Import
- SpeedCheck\*
- SecureSearch
- CASS It
- Uploading data to Access ACS
- DataShare
- Sync with The City
- Sync with PDS DioOffice
- Constant Contact

### PDS

- ESS
- Nelco
- Vanco Import
- SpeedCheck\*
- Online Registration Forms
- CASS It
- Uploading data to PDS Connects
- DioOffice
- DioView

- LiveStor

## **HeadMaster**

- Uploading data to HeadMaster Online
- Constant Contact
- SecureSearch

## **LiveStor**

### **Special note about SpeedCheck\***

You must also update the EXE file for SpeedCheck to work with the latest systems. You'll need to uninstall the current program from your computer locally, then install the latest version. Please call Support at 1-800-669-2509 for help.

We're here to help!
