

Equipment

ACS Technologies supports all hardware that integrates with our software. To make purchasing hardware at the lowest price easier, our [online store](#) links to compatible printers and scanners on Amazon.

Not sure what to purchase? Our [hardware page](#) lists printers and check readers' compatibility with mobile devices, Realm, and Microsoft and Mac OS.

For information related to using printer, scanner, or ID card readers within a specific product, refer to the product's help. [Return to the main product help page.](#)
