

## HeadMaster Online

HeadMaster Online is a great way to engage teachers, parents and students in the daily life of your school and allow them to connect outside of the classroom. Teachers can post homework assignments and leave notes for parents about a child's behavior; Parents can review the school calendar, keep an eye on grades, update personal contact information, and send emails to a teacher; Students can even use HeadMaster Online to review homework, check the school calendar, and review their grades.

There's a little something for everyone in HeadMaster Online. Check it out and see what it can do for you.
